ASSOCIATES, INC.
Adjusters & Claims Administrators

For Immediate Release

Engle Martin & Associates Relocates Brian O'Connor to Tampa to Support Increased Growth in Market Place

FLORIDA (March, 2009) – Engle Martin & Associates, a national insurance adjusting and claims administration firm, announced today the relocation of Brian O'Connor, from the firm's Atlanta, GA office, to its Tampa, FL location. The move stems from Engle Martin's unprecedented growth in the last year, and will enable Engle Martin to capitalize on the increased demand in Florida by positioning a shareholder in the heart of the market place.

"Our growth in Florida has been strong," comments John Quinn, President of Engle Martin & Associates. "We expect to add additional property and casualty field adjusting resources moving forward. Our client base has significant needs in Florida, and we are committed to building a team that can best serve all of those needs."

In a state where activities associated with catastrophes are inevitable, Engle Martin's long-term plan, led by O'Conner, is to maintain closer contact with its customers, and to expand the Engle Martin presence among local insurance carriers, brokers and risk management professionals.

The recent addition of O'Connor to the Tampa office provides Engle Martin customers with two dedicated Executive General Adjusters in the state of Florida. The Coral Springs office is led by Executive General Adjuster, Jim Hill.

"It is a great opportunity for Engle Martin to provide expertise in a state that has complex losses and unique risks," says O'Connor.

O'Connor has been with Engle Martin for the past 10 years working in their corporate Atlanta office. Prior to joining Engle Martin, O'Connor held a position with insurance carrier, FM Global. He holds a degree from Clark University in Economics, in Worcester, MA and a MBA from Kennesaw State. O'Connor is a member of Loss Executives Association.
